### **AFFIDAVIT**

- I, NATHAN A. CRAVATTA, being duly sworn, state as follows:
- 1. I am a Special Agent with Homeland Security Investigations (HSI), an investigative branch of the United States Department of Homeland Security. I have been employed as a Special Agent with HSI since May 2005 and am currently assigned to the Resident Agent in Charge Office in Milwaukee, Wisconsin.
- 2. My experience as an HSI agent has included the investigation of cases involving the use of computers and the Internet to commit violations of federal law involving child exploitation, including the production, transportation, receipt, distribution, and possession of child pornography. I have received training and have gained experience in interviewing and interrogation techniques, arrest procedures, search warrant applications, and the execution of searches and seizures involving computer crimes. I have investigated and assisted in the investigation of criminal matters involving the sexual exploitation of children, including violations of Title 18, United States Code, Sections 2252 and 2252A.
- 3. This affidavit is submitted in support of a criminal complaint alleging that RONALD FEDER has violated Title 18, United States Code, Sections 2252A(a)(1) and 2252A(a)(2)(B). Because this affidavit is being submitted for the limited purpose of establishing probable cause in support of a criminal complaint charging FEDER with transportation of child pornography and distribution of

material containing child pornography, I have not included each and every fact known to me concerning this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to believe that the defendant committed the offense alleged in the complaint.

4. This affidavit is based on my personal knowledge, information provided to me by other law enforcement agents and persons with knowledge regarding relevant facts.

### FACTS SUPPORTING PROBABLE CAUSE

# **Introduction and Summary**

5. On or about November 21, 2017, an undercover agent with the Wisconsin Department of Justice Division of Criminal Investigation (UC-1) posted an advertisement on Craigslist.com ("Craigslist")<sup>1</sup> seeking individuals interested in discussing a "taboo request." On or about November 26, 2017, an individual with the username "Jack Wayne" responded to UC-1's post. "Jack Wayne" informed UC-1 that he ("Jack Wayne") had a "collection" available to share and was interested in discussing same with UC-1 via the encrypted mobile chat application Wire Swiss GmbH ("Wire").<sup>2</sup> After setting up a Wire user-account, UC-1 sent "Jack Wayne"

Based on my training and experience, I know that Craigslist.com is a website that allows users to post classified advertisements or requests. Other users can read these advertisements/requests and communicate with the poster via private messages.

Based on my training and experience, I know that "Wire" is a free chat application designed for mobile phones or other electronic devices which allows users to communicate via encrypted message. Communication with other Wire users typically requires a user to know the intended Wire recipient's username. Once a user is located or identified, "Wire" users can make voice and video calls as well as send one another text messages, files, images, videos, and audio files.

UC-1's Wire username and was subsequently contacted on Wire by an individual with the name "Tom Bradly," whom UC-1 understood to be the same individual that UC-1 had communicated with on Craigslist (that is, "Jack Wayne").

- 6. Between November 26, 2017, and December 6, 2017, UC-1 and "Tom Bradly" communicated extensively over Wire. During those communications, as well multiple phone calls, "Tom Bradly"—who informed UC-1 that his actual name was "Ron"—provided UC-1 with a detailed account of his ("Tom Bradly's") interest in child pornography. In addition, FEDERER shared with UC-1 numerous images and videos containing child pornography, including a video titled "Tara and Dad." "Tom Bradly" further offered to trade child pornography with UC-1 in exchange for UC-1 coordinating a meeting at which "Tom Bradly" could molest UC-1's minor nephew and niece, and offered UC-1 advice on strategies for molesting children and for obtaining child pornography.
- 7. As detailed below, based on information provided by "Tom Bradly" during communications with UC-1, as well as IP information associated with the user of the "Jack Wayne" Craigslist account, law enforcement identified the individual with whom UC-1 was communicating as RONALD FEDER.
- 8. In accordance with plans made by FEDER and UC-1 over Wire and telephone conversations, on or about December 7, 2017, FEDER and UC-1 met at coffee shop in Lincolnwood, Illinois, at which time FEDER provided UC-1 with a thumb drive that contained child pornography.

9. Law enforcement has learned that on or about September 14, 2016, FEDER was indicted in the Northern District of Illinois for Possession of Child Pornography,<sup>3</sup> which case is currently pending, and FEDER is on bond and being supervised by Pretrial Services. The criminal conduct underlying the present investigation involves actions performed by FEDER while on pre-trial release for this prior, unrelated charge.<sup>4</sup>

# UC-1's Initial Craigslist Post and Communications with "Jack Wayne"

- 10. On or about November 21, 2017, UC-1 publicly posted an advertisement on Craigslist.com, in a section of the website entitled, "Taboo Request (Madison)." The body of UC-1's message read as follows: "I have a Taboo request but do not want to put in title or in post. I am seeking something that is not easy to talk about or ask just any random stranger. I am discrete and disease free and looking for serious inquires. Please respond with the most Taboo thing you would do or provide and I will respond if you email subject is what I am looking for. Not looking to judge or report anyone, just looking to use my money to get something I have been wanting to try." The advertisement indicated the poster was "35 years old, average build, 6'0", single and kids, want boy or girl."
- 11. On or about November 26, 2017, UC-1 received the following messages from Craigslist user "Jack Wayne." "I think we're on the same page here. If you have wire I can go into much more detail. Hmu [hit me up] and I think we can work

United States v. Feder, 16 CR 587 (N.D. IL) (Shah, J.).

Notably, the terms of FEDER's current pre-trial release prohibit him from using the internet.

something out . . . I have a collection I can send some to you over wire if you get it . . Let me know your username when you get it setup." Law enforcement noted that "Jack Wayne's" contact email was listed on the Craigslist website as "ee9c31b3b3be30e1936d8b4b3568316a@reply.craigslist.org"

12. Later that day, and per "Jack Wayne's" instructions, UC-1 established an account on the Wire secure messaging application and sent his profile information to the Craigslist user "Jack Wayne." That same day, November 26, 2017, UC-1 received a message from a Wire user with the alias "Tom Bradly."

# <u>UC-1 Communicated with "Tom Bradly" aka "Ron" on the Wire Application</u> and in Phone Conversations

13. Between on or about November 26, 2017, and on or about December 6, 2017, UC-1 and "Tom Bradly" exchanged hundreds of messages on the Wire application and engaged in multiple phone calls. In particular, over the course of their communications, among other things, "Tom Bradly" shared multiple images and videos with UC-1 containing child pornography, provided UC-1 with details about "Tom Bradly's" actual identity (including that "Tom Bradly's" real name was "Ron"), detailed his preferences regarding child pornography, offered to provide UC-1 with child pornography in exchange for UC-1 arranging a meeting at which "Tom Bradly" could molest UC-1's minor relatives, provided UC-1 with strategies for molesting children and acquiring child pornography, and coordinated a meeting for the purpose

of providing UC-1 with a thumb drive containing child pornography. These communications are excerpted and summarized in the following paragraphs.<sup>5</sup>

14. As shown in the below conversation excerpts, in their first Wire communications on or about November 26, 2017, "Tom Bradly" informed UC-1 of his preferences regarding child pornography ("3-4 through 12-14 and boys and girls"), provided UC-1 advice on how to obtain child pornography, offered to trade child pornography with UC-1 in exchange for UC-1 setting up a meeting at which "Tom Bradly" could molest UC-1's 8-year-old niece and 10-year-old nephew, and sent UC-1 multiple images containing child pornography:

As detailed in the below conversation excerpts, in their Wire communications on November 27, 2017, "Tom Bradly" informed UC-1 that he worked at a grocery-store at the deli and BBQ counter, discussed plans and strategies for molesting UC-1's minor relatives, and sent UC-1 images containing child pornography:

UC-1	11/27/2017	What do you do?
Tom Bradly	11/27/2017	Grocery storeI work in deli
UC-1	11/27/2017	Nice! You always work in deli?
Tom Bradly	11/27/2017	I bounce around
Tom Bradly	11/27/2017	I get to enjoy sooo many girls walking around in tight yoga pants. I
		can see the outline of thei panties and on one girl the pants were
		almost sheer. I could see the fruit shapes on the light blue panties
UC-1	11/27/2017	That sounds awesome! I love girls in yoga pants! Usually only
		older girls wear them tho. How old was she?
Tom Bradly	11/27/2017	Looked about 11-12

Tom Bradly	11/27/2017	Cant wait to see a pic of you niece and nephew
UC-1	11/27/2017	I volunteered 2 babysit so their parents can go xmas shopping
Tom Bradly	11/27/2017	Yay
Tom Bradly	11/27/2017	When are they going shopping?
UC-1	11/27/2017	I was trying to find a way to get them for a longer period if I have to
		come down there and I also worry about them saying we are
		heading down to Chicago by you Would you consider taking the
		train up here to Columbus? It runs from Columbus down to Chicago. If you came up here, I could score you some more time for
		you to have with them just thinking of some ideas
Tom Bradly	11/27/2017	Omg I totally would! I work two jobs and don't have enough time off
Tom Bradly	11/27/2017	I wish I could afford to quit a job. I totally would
Tom Bradly	11/27/2017	We could video chat here. Not sure what we could do. I might be
Tom Drawiy	11/2//2017	able to just chat with her. Get her horny. Watch her masturbate.
		You could watch also. But I just don't have the time.
UC-1	11/27/2017	Oh ok. Thought you were available on Saturdays. Just trying to
	11/21/2011	figure out a plan. If all else fails I could try to work out coming
		there, just hard to bring them
Tom Bradly	11/27/2017	Say it's a field trip
Tom Bradly	11/27/2017	Lots to see in Chicago. On Saturdays, its my only time to do
		anything so I have all my appts then.
UC-1	11/27/2017	So Saturdays are good or aren't good for you?
Tom Bradly	11/27/2017	Theyre good but only for an hour or two

11/27/2017	Ok. Ill let you know what weekend they ask me to babysit. It will
	be one of these before Xmas if that's what you want. Otherwise we
	could just meet up. Whatever you are feeling.
11/27/2017	Anyway we can meet then you can bring them?
11/27/2017	Like we meet once and bring one or both of them another time?
11/27/2017	We can do that
11/27/2017	We also have to talk about how to best convince her or them to get naked
11/27/2017	Yeah for sure. You able to meet half way somewhere? I could pay for a hotel or something?
11/27/2017	Theres no one there to cover me. Im kinda the only one trained on my main
	station.
11/27/2017	I run the BBQ station also. Only 3 people can run it
11/27/2017	Bbq at your grocery store?
11/27/2017	Yup
11/27/2017	Do you think your niece or nephew would be helped into getting
	horny by seeing some of the pics I sent you? Maybe to compare
	them to the pics might be a way we can get them naked.

As detailed in the below conversation excerpts, in their Wire communications on or about November 28, 2017, "Tom Bradly" discussed plans and strategies for molesting UC-1's minor relatives, requested images of said minor relatives, discussed the size of his collection of child pornography (indicating that he has 70-80 gigabytes of child pornography), and sent UC-1 images containing child pornography:

17. As detailed in the below, on or about November 29, 2017, "Tom Bradly" sent via Wire to UC-1 a video titled "Tara and Dad," which depicted an adult male engaging in sexual intercourse with a prepubescent female. In addition, as set forth in the conversation excerpts, in their Wire communications on or about November 29,

2017, "Tom Bradly" suggested a meeting with UC-1 in the Skokie area so that he ("Tom Bradly") could share said child pornography collection (noting that he ("Tom Bradly") did not have a car readily available and lived in the Skokie/Lincolnwood area of Illinois), and described plans for molesting UC-1's minor relatives.. "Tom Bradly" additionally informed UC-1 that "Tom Bradly's" actual name was "Ron":

- 19. On or about December 2, 2017, at approximately 9:49 a.m., UC-1 placed a call to the 5817 number provided by "Tom Bradly" (aka "Ron").<sup>6</sup> UC-1 began the conversation by asking, "Hey is this Ron?," to which "Ron" responded, "Yes, hi." UC-1 then thanked "Ron" for sending him pictures and videos and asked how "Ron" found them. "Ron" told UC-1, "I could always teach you." "Ron" then described his methods for finding child pornography on the internet. After several minutes, "Ron" told UC-1 that "Ron" had to briefly disconnect.
- 20. At approximately 10:10 a.m., UC-1 called "Ron" again. During the conversation, "Ron" suggested methods by which UC-1 could convince UC-1's eight-year-old niece to allow "Ron" to molest her, including by showing UC-1's niece some of the child pornography that "Ron" had sent to UC-1. "Ron" also again requested that UC-1 send "Ron" a picture of UC-1's niece. "Ron" also asked UC-1 to "snag a pair of her panties."
- 21. As detailed in the below conversation excerpts, in Wire communications on or about December 4, 2017, and December 5, 2017, "Tom Bradly" made plans to meet with UC-1 on Thursday, December 7, 2017, and to provide UC-1 with 16 gigabytes of child pornography in exchange for UC-1's minor niece's panties:

22. On or about December 6, 2017, at approximately 11:22 a.m., UC-1 placed a call to "Ron." During the call, "Ron" provided UC-1 with detailed instructions for locating child pornography on the internet. UC-1 and "Ron" additionally discussed plans to meet at a coffee shop in Lincolnwood, Illinois at 3:00 p.m. the next day, December 7, 2017, so that "Ron" could provide UC-1 with a thumb drive containing child pornography from "Ron's" collection.

#### <u>Identification of Ron FEDER</u>

- 23. On or about November 27, 2017, the State of Wisconsin-Office of the Attorney General issued an administrative subpoena to Craigslist requesting records related to Craigslist email address ee9c31b3b3be30e1936d8b4b3568316a@reply.craigslist.org, which email, as previously noted, was publicly displayed on the Craigslist website as the contact email for Craigslist user "Jack Wayne" (aka "Tom Bradly" aka "Ron"). Later that day, Craigslist provided information indicating that an additional email address associated with that user's Craigslist account was "jwayne2345@gmail.com."
- 24. Subsequently, that same day, on or about November 27, 2017, a State of Wisconsin-Office of the Attorney General administrative subpoena was issued to Google, Inc. requesting records related to the email address "jwayne2345@gmail.com." In response, Google, Inc. provided records indicating, among other things, that the last login into that particular account occurred on

September 13, 2017 from IP address 207.229.137.747 and that said IP was affiliated with Internet Service Provider RCN Corporation. Google further identified a telephone number ending in 7922 as affiliated with the "jwayne2345" Gmail address.

25. On or about December 1, 2017, law enforcement conducted a public-source Facebook mobile application search for the 7922 phone number and found that the number was associated with a Facebook user with the screen name "Ronald Feder."

26. Additionally, based on information provided by "Ron" during the Wire communications—namely, that "Ron" worked at a grocery store with both a deli and BBQ, lived in the Skokie/Lincolnwood area, and did not have regular access to a car—law enforcement identified a particular grocery store in the Skokie/Lincolnwood area as "Ron's" likely employer. On or about December 2, 2017, at approximately 5:50 p.m., surveillance was conducted at that grocery store, during which law enforcement located an employee wearing a nametag with "Ronald" working in the BBQ section of the store. A search of law enforcement databases revealed an Illinois driver's license for an individual named "Ronald Feder" who appeared, based on the driver's license photograph, to be the same individual spotted during surveillance, as well as the

Based on my training and experience, I know Internet Protocol ("IP") addresses facilitate transfer of data over the Internet. An IP address is unique to a particular subscriber during an online session. The IP address provides a unique locator, making it possible for data to be transferred between computers. Each time an individual accesses the Internet, the computer from which that individual initiates access is assigned an IP address. Internet Service Providers typically retain records identifying the subscriber to whom a particular IP address was assigned. These records allow investigators to identify the subscriber account to which data is sent, or from which data is received.

individual located via the Facebook search (based upon law enforcement's review of photographs on "Ronald Feder's Facebook account).

- 27. In response to a State of Wisconsin-Office of the Attorney General administrative subpoena requesting subscriber information related to the previously mentioned IP address 207.229.137.74, on or about December 5, 2017, RCN Corporation provided law enforcement with records indicating that that IP address was registered to an address located on the 7500 block of Kolmar Avenue, in Skokie, Illinois.
- 28. Further, a search with the Illinois Secretary of State revealed that RONALD FEDER, along with two other individuals, report their residence as the Kolmar Avenue address.
- 29. Moreover, as previously noted, on or about September 14, 2016, FEDER was indicted in the Northern District of Illinois for an unrelated charge of Possession of Child Pornography, which is currently pending. On or about September 20, 2016, FEDER was granted pre-trial release in that matter with conditions (including that FEDER not use the internet). FEDER's assigned U.S. Pretrial Services Officer confirmed for law enforcement that the Kolmar Avenue address is FEDER's known address, and that when the Pretrial Services last conducted a home visit at the Kolmar Avenue address on November 14, 2017, FEDER was present.

#### FEDER's December 7, 2017 Meeting with UC-1 and Subsequent Arrest

30. As previously noted, in both their Wire and telephone conversations, FEDER and UC-1 made plans to meet at a coffee shop in Lincolnwood, Illinois on

December 7, 2017 at 3:00 p.m., so that FEDER could provide UC-1 with a thumb drive containing child pornography.

- 31. At approximately 2:25 p.m., UC-1—who was equipped with covert audio/video recording devices—arrived at the coffee shop on West Touhy Avenue in Lincolnwood, Illinois. As he arrived, UC-1 sent FEDER a text message stating that UC-1 was a few minutes away from the coffee shop.
- 32. At approximately 3:09 p.m., UC-1 sent FEDER a text message asking when FEDER would arrive. At approximately 3:15 p.m., UC-1 received a text from FEDER's phone which read, "10min."
- 33. At approximately, 3:16 p.m., UC-1 sent FEDER a text message describing what UC-1 was wearing and where UC-1 was sitting in the coffee shop.
- 34. At approximately 3:26 p.m., law enforcement surveillance, who were familiar with FEDER's appearance after having viewed a driver's license photograph of FEDER, observed FEDER enter the coffee shop, order coffee at the counter, and then sit down at a table with UC-1.
- 35. As reported by UC-1, and corroborated by law enforcement surveillance, as FEDER sat down at the table, UC-1 asked him, "Ron?" and FEDER replied in the affirmative.<sup>8</sup> FEDER then handed UC-1 a thumb-drive. UC-1 and FEDER then discussed plans for UC-1 to coordinate a meeting between FEDER and UC-1's minor relatives. FEDER then provided UC-1 with advice on locating and identifying child

Although law enforcement covertly audio/video recorded the meeting between UC-1 and FEDER, that audio/video recording has not yet been fully reviewed and transcribed.

pornography online and information on a website that contained tips molesting children.

- 36. At approximately 3:42 p.m., surveillance observed FEDER leave the coffee shop, at which time he was immediately arrested by law enforcement.
- 37. Following the arrest, law enforcement performed an initial review of the thumb drive provided to UC-1 by FEDER, identified as a 16 gigabyte Silver Sony USB 3.0 thumb drive, stamped "Made in China." Through this initial review, law enforcement observed images depicting child pornography contained on the thumb driver. For example, law enforcement found a video on the thumb drive titled, "2011 7yo private Niece Elly on Sofa Trying Penetration He Cums With Sound 20100719(003)." UC-1 described the video as showing a prepubescent female, with a bare vagina, lying on her back as an adult male partially penetrates her vagina, and then ejaculates near her vagina. In addition, law enforcement found another video on the thumb drive titled "20101008," which depicted an adult male digitally penetrating the vagina of a prepubescent female.

## CONCLUSION

38. Based on the above information, there is probable cause to believe that on or about November 29, 2017, FEDER knowingly transported child pornography namely, a video file entitled "Tara and Dad," using a means and facility of interstate commerce by sending same video depicting child pornography to UC-1 via the Wire mobile application. There is further probable cause to believe that on or about December 7, 2017, FEDER knowingly distributed material containing child

pornography, namely, a 16 gigabyte Silver Sony USB 3.0 thumb drive manufactured in China, using any means or facility of interstate or foreign commerce by personally handing same thumb drive to UC-1.

FURTHER AFFIANT SAYETH NOT.
